ADICHERLA SAITEJA

Hyderabad, Telangana | bunny31sai@gmail.com | +91 9110318183 | github.com/Saiteja9110

PROFESSIONAL SUMMARY

Passionate Electronics and Communication Engineering student with a strong interest in Hardware, Embedded Systems, and IoT. Skilled in working with sensors, actuators, and electronic hardware, seeking opportunities to apply practical knowledge and contribute to innovative embedded and hardware-based solutions.

EDUCATION

B.Tech in Electronics and Communication Engineering	CMR Technical Campus, Hyderabad	2023 - 2027 | CGPA: 8.12/10
Intermediate [MPC]	Rajiv Gandhi University of Knowledge Technologies, Basar	2021 - 2023 | CGPA: 8.05/10
Class X [SSC]	SPR School of Excellence	2021 | CGPA: 10.0/10

TECHNICAL SKILLS

Programming Languages:	C, Python, HTML, CSS, JavaScript
Web Development:	Frontend Development, React, Tailwind CSS
Hardware & Electronics:	Circuit Designing, Wiring, Soldering, Sensor Interfacing
Tools & Software:	MATLAB, MPMC, Vivado, Keil uVision
Database:	MySQL, SQL Query Solving

PROFESSIONAL EXPERIENCE

Frontend Development Intern - Cognifyz Technologies 2 Months

- Gained hands-on experience in developing user-friendly websites using modern web technologies, including React and Tailwind CSS.

IoT, Embedded & Drone Technology Intern - EPIT Research Labs Pvt. Ltd. 3 Months

- Gained practical experience working with hardware, sensors, embedded systems, and IoT projects, along with drone integration.

PROJECTS

Embedded & IIoT Kit [Embedded Systems & IoT]

- Developed an educational kit with 52 sensors, LCD, and TFT displays for hands-on learning in embedded systems and IoT.

Drone Construction [UAV & Hardware Integration]

- Gained practical knowledge of drone structure, flight principles, and hardware integration through hands-on construction.

To-Do List Web Application [Web Application]

- Developed an interactive task management web application with add, edit, complete, and delete task features.

Netflix Clone [Frontend UI/UX]

- Built a responsive Netflix-inspired website featuring a modern UI, movie categories, banners, and responsive layouts.

User-Friendly Web Pages [Frontend Web Development]

- Designed and developed responsive web pages focusing on clean layouts, easy navigation, and user-friendly interfaces.

CERTIFICATIONS & TRAINING

- EPIT Research Labs Pvt. Ltd. - Internship Certificate [IoT, Embedded & Drone Technology]
- Cognifyz Technologies - Internship Certificate [Frontend Development]
- AWS - AWS Cloud Certification
- Avazya - Certificate of Completion
- Drone Technology Training - Conducted by EPIT Research Labs at Chalapathi College & Eswar College of Engineering, Guntur

ADDITIONAL INFORMATION

Strengths:	Communication, Teamwork, Quick Learner, Confident
Languages:	English, Hindi, Telugu
Hobbies:	Cricket, Movies, Travelling
